

Dear parents,

During the next few weeks, the PreK 4 are going to work on a project called « Lavomatic » (The laundry). Through to this project, we will learn new vocabulary and continue to speak about what we are doing in French, work on specific math skills, do arts & crafts, meet artists through their works, and work on our motor skills. It's a very exciting project !!!

We need your help to conduct this project! Please sign up on the chart which items you would like to bring: plastics bowls, an empty laundry detergent bottle, a drying rack, lace-up shoes, button-down shirts, miscellaneous clothes (color, white, dark, trousers, shirts, socks...), a lot of different pairs of socks (different designs and colors).

**NB : At the end of the project, everything you have brought will be returned to you.**

Thank you so much for your participation!!!

Miss Pauline
